Memo dtd 23 November 1955 fr Director of Training
to Director of Personnel

1. Reference is made to your memorandum of 23 November 1955 to the Director of Personnel in which it was indicated that this Office was willing to place [redacted] in one of our slots when space is available. Our memorandum to [redacted] on 30 September 1955 pointed out that the Military Division could not absorb [redacted] and the General Division did not feel he met their specific requirements. It was also suggested at that time that the Far Eastern Division consider interviewing [redacted] but it has now been determined that this Division would be unable to absorb [redacted] on its current T/O.

2. It is therefore requested, if [redacted] detail must be terminated, that he be returned to the Office of Training. If the detail need not be terminated, he may continue in his current status until recalled by your Office.

3. In our memorandum of 30 September 1955 it was also stated that the Far Eastern Division would be able to absorb [redacted] but it was requested that no action be taken until [redacted] had completed a period of ninety days in the division, which will be on 3 January 1956.
